Active Ingredients

- **Glycerin** acts as an emollient and lubricant. It also can be a humectant and draw moisture from the air to the skin.
- **Vitis Vinifera (Grape) Juice and Wine Extract** are rich in antioxidant polyphenols and enriched with rare polyphenol, viniferin, derived from resveratrol to provide anti-aging preventative action.
- **Moringa Pterygosperma Seed Oil** is rich in fatty acids; has vitamin A and C content; is moisturizing and healing.
- **Prunus Amygdalus Dulcis (Sweet Almond) Oil** is an oil with high levels of oleic acid; unsaturated triglycerides to provide moisture. Easily absorbed by the skin.
- **Melia Azadirachta (Neem) Flower Extract** is a botanical skin brightener; promotes healing; anti-bacterial; antiseptic.
- **Papain** is an enzyme derived from papayas; it digests keratin proteins to help accelerate exfoliation.

Tips for Use

- Apply a thin layer to the face after cleansing. Manipulate into the skin with fingertips.
- Apply steam if desired. Remove with a warm barber towel after 7 – 10 minutes.

Active Ingredients

- **Pollia Condensata (Marleberry) Fruit Extract** is known for its iridescent color produced by a unique chiral sub-structure; polyphenol content provides antioxidant activity that is very effective at low use levels.
- **Thiotaine[®], made using Ergothioneine (L)** which is a natural antioxidant and amino acid that can aid the skin's natural ability to prevent damage caused by UV radiation. It does this partially by recycling vitamin C, and also ensures efficient energy production. Inhibits tyrosinase.
- **Squalane**, derived from olives, moisturizing, enhances skin's natural barrier function, protective, and boosts skin's ability to retain moisture.
- **Cyanidin-3-Glucoside** is a purified extract from the heart of Black Rice Bran. This particular extract is high in antioxidant content, and also acts similar to an anti-inflammatory, which helps to keep skin soothed and clear.
- **Phenyl t-Butylnitrone**, a Spin Trap. It is a highly active oxygen and nitrogen complex. It is considered an "intelligent" antioxidant because instead of destroying free radicals, it traps them, transforms them into useful oxygen, and then transports them back into the respiratory cycle. This activity keeps the skin continually spinning the effects of aging away from your skin; helping to maintain hydration so that skin appears healthy, clear and more fortified.

Tips for Use

- Apply a thin layer to the face after cleansing and exfoliation. Manipulate into the skin with fingertips.
- Remove with a warm barber towel after 7 – 10 minutes.
