

## **INTENSIVE HAND CREAM**

### **with Alpha Bright Peptide and Environmental Protection**

- An effective hand treatment to help fade dark spots and provide maximum hydration
- **Key Ingredients: Green Tea, Coffee Extract, Shea Butter, Alpha Bright Peptide**

### **DESCRIPTION**

Our hands give away our age, influenced by stress, environmental pollutants and long-term sunlight exposure.

This hand cream helps to fade dark spots and provide maximum hydration.

A powerful blend of Green Tea, Coffee Extract and Alpha Bright Peptide helps to preserve a youthful appearance of your hands by protecting them from free radical and environmental impact. Absorbs easily, non-greasy.

### **FEATURES AND BENEFITS**

- Alpha Bright Peptide, blended with Camellia Sinensis (Green Tea) Extract, and Salix alba (Willow Bark) Extract for effective skin lightening.
- Butyrospermum Parkii (Shea) Butter and Rosa Canina (Rosehip) Fruit Oil for moisturizing and soft hands.
- Coffea Robusta (Coffee) Extract and Ascorbic Acid (Vitamin C) restore skin elasticity and allow for a youthful appearance.
- Lavandula Angustifolia Flower (Leaf) Stem Oil and Rosmarinus Officinalis (Rosemary) Extract to provide the natural scent of the hand cream.
