

# Slim & Trim Liposomal Velvet Slimming Body Cream

Reshapes, Firms and Hydrates

**DESCRIPTION:** A modern lifestyle with bad eating habits, stress, and a lack of physical activity results in the unpleasant signs of a shapeless body. The major active ingredient, Alphasomes® Slim, has a slight warming action that helps to stimulate the fat-liberation of tissue cells by accelerating lipolysis in the adipocytes and cleansing out unwanted cell material to restore the body's youthful contours. After a two-month study of 20 female volunteers ages 18+, the Alphasomal Technology was shown to provide a substantial reduction in dimpled skin and slim the subcutaneous adipose tissue on the thighs. Slim & Trim Velvet Slimming Body Cream is smooth and silky to the touch.

## FEATURES AND BENEFITS:

**Tightening** | Rosa Canina (Rosehip) Fruit Oil and Coffea Robusta (Green Coffee) Extract give the skin a tightening sensation.

**Moisturize & Improve Skin Texture** | Butyrospermum Parkii (Shea) Butter, blended with Carica Papaya and Ananas Sativus (Pineapple) Extract help to improve skin hydration and elasticity. Aloe Barbadensis Extract, Persea Gratissima (Avocado) Oil and Thea Sinensis (Green Tea) Extract to help moisturize and improve skin texture.

**Liberate Fatty Acids and Detox the Skin** | Dr. Schwab Alphasomes® Slim is a cellulite liberator that helps to energize the fat-liberation system and flush waste out of cells to restore youthful contours. Coffee plant and Wild Yam are very effective  $\beta$ -oxidation simulators that also help to liberate fatty acids and promote the transport of unwanted materials. Paullinia Copana Seed extract is high in Caffeine, Tannins and Saponins; along with Thea Sinensis (Green Tea) and Coffea Robusta (Green Coffee) Extract, it helps to detox the skin.

**Advanced Delivery System** | Alphasomes® Complex is an advanced Phospholipid based delivery system that encapsulates active ingredients and enables them to reach the targeted area for superior product performance.

**USAGE:** After showering with S&T Foaming Shower Body Scrub and allowing S&T Active Slimming Body Gel to dry, smooth a generous amount of body cream onto dimpled skin; leave on. Can use morning and night.
