Seaweed Peppermint Foot Cream

Refreshingly Moisturizing

Itchy feet are no treat. They're downright annoying, and so are cracked, dry heels and calluses. If you ignore them, they only get worse. This healing cream is a potpourri of both soothing and stimulating herbs like sage and mint formulated to sink in and moisturize.

FEATURES AND BENEFITS:

Sage is a natural astringent, is antibacterial antiseptic, and anti-inflammatory and is soothing, sanitizing, stimulating, softening and invigorating

Menthol/Eucalyptus/Lavender scented. With natural and organic ingredients.

USAGE:

Apply after a shower, after you exfoliate with our Seaweed Peppermint Scrub or any time your feet feel tired.

ORGANIC INGREDIENTS:

Aloe Extract, Sage Leaf Extract, Lavender Oil
