

Strip's Lash Lift Balm

No mess, easily removable Strip's Lash Lift Balm will help stick lashes to lash pads but also do not leave any sticky residue when removed.

- Water soluble for quick easy removal or remove with Step 3. 1 x
- 10g Pink Tin with a light scent of Strawberry packaged in a cute pink velvet bag
- 65-75 applications from one tin
- Lasts up to 6 months once opened and unopened for 2 years

Use our lash glue balm instead of lash lifting glue or side by side if you still love using glue during your service. Some technicians prefer to glue the rods to the skin or tape them down.

Directions for use:

Once you have the lash lift rod placed on the eyelid simply brush lashes in an upward direction using your choice of brush and Y Comb. Remove balm with water or our step 3 keratin cream.
